tin-57ab30311](https://www.linkedin.com/in/ali-martin-57ab30311)

I am a skilled Full Stack Developer with expertise in C#, .NET, and ASP.NET Core framework. I have a strong command of front-end technologies including jQuery, Bootstrap, Tailwind, HTML, and CSS. Additionally, I am proficient in working with SQL Server.

With over 5000 hours of teaching programming in educational institutions, I bring a wealth of knowledge and experience to my development projects.

### Key Skills

- Teaching
- C# (Programming Language)
- ASP.NET
- Python (Programming Language)
- jQuery
- HTML 5
- CSS 3
- Bootstrap 5

## Professional Experience

### ● Software Programming Instructor

Freelance | October 2023 - Present

As a dedicated Software Programming Instructor, I specialize in teaching and mentoring students in various programming languages and frameworks. My expertise includes:

- **C# and ASP.NET Core:** Guiding students through the fundamentals and advanced concepts of C# and ASP.NET Core, enabling them to build robust and scalable web applications.
  - **Python and Kivy:** Providing comprehensive instruction in Python and Kivy, equipping students with the skills to develop versatile and interactive applications.
- In addition to teaching, I actively engage in:

- **Curriculum Development:** Designing and updating course materials to ensure they meet industry standards and effectively prepare students for real-world challenges.
- **Hands-On Projects:** Leading students in practical, hands-on projects that reinforce theoretical knowledge and foster practical skills.

### ● Software Developer

Freelancer, Tehran | September 2019 - Present

As a seasoned freelance Software Developer, I specialize in delivering high-quality software solutions tailored to meet clients' unique needs. My expertise spans multiple programming languages and frameworks, including C#, ASP.NET Core, Python, and Kivy. My services include:

- **Custom Software Development:** Designing and developing bespoke software solutions that enhance business operations and drive efficiency.
- **Web Application Development:** Creating dynamic, responsive web applications using C# and ASP.NET Core, ensuring robust performance and scalability.
- **Mobile and Desktop Application Development:** Building versatile and interactive applications with Python and Kivy, suitable for both mobile and desktop platforms.
- **Project Management:** Overseeing projects from initial concept to final delivery, maintaining clear communication with clients to ensure their vision is realized.
- **Code Review and Optimization:** Providing thorough code reviews and performance optimizations to improve existing software systems.

With a commitment to delivering excellence, I pride myself on:

- **Client Collaboration:** Working closely with clients to understand their requirements and provide tailored solutions that meet their business goals.
- **Continuous Learning:** Staying updated with the latest industry trends and technologies to deliver cutting-edge solutions.
- **Problem-Solving:** Tackling complex challenges with innovative solutions and a proactive approach.

If you're looking for a dedicated and skilled software developer to bring your project to life, feel free to reach out. Let's collaborate to create something exceptional!

### ● Senior Programmer Team Lead

Center for the Study of Science of Ashtiani, Tehran | October 2020 - November 2023

- **Teach Programming:** Inspiring and educating students passionate about coding, helping them build a strong foundation in programming.
- **Develop the Center's Website:** Creating and maintaining an engaging and informative online presence for the educational center.
- **Judge Regional Competitions:** Providing fair and insightful evaluations as a judge for provincial competitions, supporting the growth and development of participants.
- **Lead and Manage Student Projects:** Guiding student projects from idea to completion, ensuring successful and impactful outcomes

## Education

### ● Bachelor of Education in Education

Farhangian University, Tehran October 2020 - September 2024

I hold a Bachelor of Education (B.Ed.) from Farhangian University, where I gained comprehensive training in teaching. My education includes:

- **Educational Theory and Practice:** Mastery of effective teaching strategies.
- **Curriculum Development:** Skills in designing and adapting curricula.
- **Classroom Management:** Techniques for creating inclusive and organized learning environments.
- **Assessment and Evaluation:** Expertise in assessing student progress and providing constructive feedback.
- **Educational Psychology:** Understanding principles that support students' cognitive and emotional growth.
- **Practical Teaching Experience:** Hands-on teaching practicums with real-world classroom management.

Farhangian University has equipped me with the knowledge and skills to inspire and empower students, fostering supportive and stimulating educational environments.

## Accomplishments

### ● International Kharazmi Programming Festival

**My students achieved these honors under my mentorship:**

- Second Place, Provincial Level, 2023 International Kharazmi Programming Festival
- Second Place, Regional Level, 2023 International Kharazmi Programming Festival
- First Place, Regional Level, 2024 Programming Festival (currently advancing to the provincial level)
